

Workshop | Budget Planning in Applications for EU Research Funding

Thursday, 13 February 2020 | 9:30-11:00 h

Research Department – EU Office | Von-Siebold-Straße 4, 37075 Göttingen

Meeting Room – EU Office, Ground Floor

Whereas most researchers enthusiastically focus on the content and international dimensions of their project proposals, drawing up a viable budget plan often takes the back seat, or neglected altogether. Calculating the budget in the days and hours just before a deadline can lead to a rejected project proposal or to an approved project lacking the means necessary to ensure its smooth administration or even its successful conclusion.

Why not start preparing your budget early on and reduce the pressure?

This workshop is intended for all those considering applying for EU-funding within the next year.

The finance team of the EU-Office at the University of Göttingen, Steffanie Frost und Florian Oehme, will present the general features on financial planning for EU research applications as well as offer specific details on how to calculate your project budget. Through of a set of exercises, participants can gain practical experience in calculating a budget that will be useful for drawing up their own financial plan.

REGISTRATION

Researchers and scholars from all academic disciplines are invited to attend. This workshop will be in English and is limited to 12 participants. You are welcome to send us questions in advance and we will address them in our presentation.

(Please note: We will offer a budget planning workshop in German on Wednesday, 24 June 2020.)

Please register per email at the latest by **Monday, 3 February 2020:**

Ms. Gunhilde Wilz gunhilde.wilz@zvw.uni-goettingen.de | Tel.: 0551 39-24316 | EU Office

The EU Office at the University of Göttingen offers support services to researchers and scholars at all career stages with all aspects regarding EU Research Programs – from designing proposals for individual grants to major collaborative projects as well as in administering EU-funded projects.

Please contact us should you have any questions concerning EU-funding schemes or other opportunities, such as how to become an EU research expert. [Find more on our website](#)
