

Seeing beyond

## ZEISS On Your Campus Truck

Join and experience connected microscopy

October 25 – 26, 2021

Max-Planck-Institute of Experimental Medicine | Göttingen

Dear Madam or Sir,

**The ZOYC Truck travels through four countries and makes stops in 21 cities.**

**Now ZEISS is also coming to you. Visit us and meet our experts.**

Take the opportunity to experience microscopy workflows at first hand. We offer you the real-time experience for individual hands-on sessions to test new microscopy functionalities and talk to experts about your needs.

Gain insights into connected microscopy from ZEISS during a one-hour demonstration. From data management to global collaboration, from application design to data analytics, you'll get answers on how to improve workflows, manage data and how to add context to your results. Book your appointment now – Slots are limited.

**We look forward to welcoming you to the ZOYC Truck.**

Your ZEISS Microscopy Team

Strict Covid 19 measures in accordance with local regulations will be followed.
