

# MPI CAMPUS SEMINAR

**Anoshi Patel**

MPI-NAT, Research Group Biochemistry of Signal Dynamics

To Switch or not to Switch: Understanding Protein Metamorphosis at Autophagy Initiation

**Michele Felletti**

MPI-NAT, Department of Physical Biochemistry

Recoding Events in the Proximity of Stop Codons

**Thornton Fokkens**

MPI-NAT, Research Group Ubiquitin Signaling Specificity

Two Enzymatic Activities Within a Single Protein: A New *Leishmania* Drug Target?

**Thursday, 11.04.2024, 11:00 am**  
**Ludwig Prandtl Hall, Fassberg Campus**

Host: Alex Faesen

MAX-PLANCK-INSTITUT  
FÜR DYNAMIK UND  
SELBSTORGANISATION

MAX-PLANCK-INSTITUT  
FÜR MULTIDISZIPLINÄRE  
NATURWISSENSCHAFTEN
