

MPI CAMPUS SEMINAR

Riccardo Rossetto

Research Group Theory of Biological Fluids, MPI-DS

Phase separation in membranes and compartments with binding

Seeralan Sarvaharman

Research Group Mathematical bioPhysics, MPI-NAT

System-Spanning Fluctuations and Dynamic Instability in Dissipative Self-Assembly

Wednesday, 30.04.2025, 11:00 am
Lecture Hall, City Campus

Host: Oleksiy Kovtun
